B. C. Butler, who has been appointed to the office of assistant Attorney General of the Fifth Judicial Circuit, went to Sparta this week where he will take the oath, and enter upon the duties of his office. The many friends of Mr. Butler will be glad to learn of his appointment. He is a graduate of Knoxville University, and is capable and qualified to perform the duties of the office in the same and efficient way as it has been heretofore. We extend our heartiest congratulations to you General.

Jona S. Dudney, who was commissioned Lieutenant at the Officers training camp at Camp Gordon last week, has been spending the past week with his father John Dudney, and other relatives in the county. Mr. Dudney is the first Jackson county boy to receive a commission and we are all justly proud of him. He entered the training camp May 15, after having served as a private six months at Camp Jackson.

Mr. and Mrs. Mart West, of Coalinga, Cal., are visiting their parents and other relatives in Jackson county. They made the trip in Mr. West's Chandler Six, being 21 days reaching Gainesboro. They stopped in several of the largest cities along the way, which made the trip one of great pleasure. They stopped over in Western Ky., several days where they were joined by Mr. West's sisters, Mrs. Robertson and Mrs. Jamie Tase, who are visiting their father, J. T. West on R-3. Mr. and Mrs. West will be here until about the first of October. This is their first visit here in 6 years. Geo. Anderson who has been in California for 8 years came in with them. He is visiting relatives on Roaring river.

J. T. Phillips, R 2, added his name to our subscription list Monday. Every home in the county should not be without their county paper. It makes no difference how many others you are taking, your county paper should come first of all. It tells you all about happenings that you are interested in and like to know. Take it for a year and if you are not satisfied with the trade, we will refund the \$1.

C. G. Whitaker and Hugh Darwin, two prosperous and hustling young farmers of the 9th and 11th districts, respectively have rented the Gore farm on Roaring river, for 3 years paying cash rents. This is considered one of the best money making farms in the county, being especially suited for raising all kinds of stock. They will take possession first of next year.

Mr. and Mrs. Silas Williams and family, of Haydenburg, were the guests of Mrs. Williams, father, J. B. Dudney, during the week-end.

The protracted meeting at the Christian church closed Friday night with 3 additions. Evangelist King left after the night service for his home in Fradklyn, Ky.

The following young men left Tuesday for Camp Wheeler, Macon, Ga. Jesse Cason, Willie Cornwell, Gaily Keith and John Stewart. They were presented with kits by the Red Cross ladies.

G. Lee McGlasson, our new county clerk, entered upon his duties of office Monday, Sheriff J. M. Spurlock will not move until next week, on account of his wife's illness.

B. L. Quarles has returned from Nashville and St. Louis, where he purchased fall and winter lines for the firm. He was accompanied by Miss Mona Sadler, who assisted him in selecting the various lines.

Fred Tardy, Jr. is confined to his bed with aseptic poison in the foot, which has been giving him intense pain for a week or more. It is hoped that the worse has passed and that he will soon be out again.

Sheriff Spurlock moved in and took charge of the jail, Tuesday. From what we know and hear of our new sheriff crap shooters and "Bone dry" violators, and all the rest as for that, had better keep an eye skinned or they will be rooming in the big brick house.

Bruce Settle, who has been in Naval Training School at Annapolis, Md., for the past 15 months came in Sunday on a fifteen days furlough. Bruce is delighted with his work, and is looking as fine as could be. For the past three months he has been serving on the U. S. Battleship Wisconsin, which is doing patrol duty along the Atlantic coast. On several occasions U-boats were sighted, but only one was in range of the ships guns. Mr. Settle is greatly impressed with U. S. Navy, and is confident that it is the equal of any navy in the world.

Mr. and Mrs. H. Grady Gore are visiting Mrs. Gore's parents, Mr. and Mrs. J. R. Shorter, near Lebanon.

Put'em to the test!

THERE'S

only one way to tell how good our Curlee Clothes really are, and that is to WEAR them.

Scores of good buyers of clothes in this county are wearing Curlee Clothes and the way they come back time and again for more, is evidence that they get good money values.

You should see our new Fall and Winter models now on display. Smart and conservative styles--handsome patterns at prices that will please you.

Your Uncle Sam Must Have Walnut.

American Walnut has proven under a four-year test in this war to be the best used for the manufacture of Gun Stocks and Aeroplane Propellers.

Our government needs all this wood it can secure during the continuance of war. All owners of tree in Jackson county are earnestly petitioned to sell them to the firms who hold government contracts for gun stocks and propeller wood. Fight with your trees. Don't let them remain idle slackers.

The contractors have not as yet been able to secure enough raw material to supply our boys at the front. Owing to the large number of men our government is putting at the front, there is an increasing demand for Black Walnut.

Half a dozen trees will provide lumber to build a propeller blade and put a gun stock into the hand of each man in a platoon. The last of one machine in the air, or one platoon in the fight might turn the tide in a battle. Picture your son or the son of your neighbor holding on and fighting against desperate odds until the company or regiment your trees have armed can come to his relief. Now make this relief possible. Turn your trees loose. Wake up and get into the fight, and in this way you will be fighting for and with him as truly as if you stood beside him in the battle. You have no right to do anything else.

We have a government contract for both propeller material and gun stocks, and are urgently needing Walnut at the present to supply the boys at the front with rifles. The following prices will be paid for logs rafted on Cumberland river.

12 inch to 14 inch logs,	\$25 per M. Rafted
15 " to 17 " logs,	\$45 " " "
18 " to 19 " "	\$55 " " "
20 " to 23 " "	\$70 " " "
24 " and up	\$80 " " "

For further information call KYLE BROS., Celina, Tenn., governments agents in Jackson county, or John B. Ramsom & Co., Nashville, Tenn., government contractors.
